

AKSONS ENGINEERING LLP

Aksons Engineering was established 43 years back in the year 1980 in Pune, India by a qualified Entrepreneur, Chartered Engineer with Masters in Business Administration. We specialize in manufacture & export of speciality equipment & various auxiliary products for applications in niche field of Man Made Fiber (Polyester, Nylon, Polypropylene & Speciality Yarns), Synthetic Films (BOPET-Polyester & BOPP-Polypropylene Films) & Textile Industry briefly described as below :

- Variety of Extrusion Hardware Cleaning (Polymer removal) Equipment complete with environment friendly exhaust gas treatment, like Thermal - Solvent Cleaning Systems & Super Heated Steam (Hydrolysis) Cleaning Systems, Fluidised Bed Cleaning System, Vacuum Pyrolysis Cleaning Systems, Ultrasonic Cleaning Systems, Pre Heating Ovens for Extrusion Hardware
- Various Auxiliary products like Aspirator (Yarn Suction) Guns for synthetic filament yarn spinning, Static Aspirators for Yarn, Yarn Splicers for knot free joining of multi filament yarns,
Air Knife for waste yarn removal, Bubble Point Teste Apparatus for Filters, Hydraulic Press, Yarn Cutters-Scissors-Blades for Textile Applications.
- Laboratory, Testing & Measuring Equipment like Wrap Reel for denier checking, Single Yarn Tensile Testers, Stroboscopes, Twist Testers, Yarn Tension Meters – Digital & Mechanical.
- Our international cliental includes customers from all over the globe :
 - South America – Brazil, Peru Argentina, Chile
 - North America – USA & Canada
 - Europe – Germany, France, Spain, Italy, Czech Republic, Hungary, Belgium, Malta, U.K.
 - Middle East – Turkey, Saudi Arabia, Kenya, South Africa, Mauritius
 - Asia/South East Asia – India, Nepal, Bangladesh, Malaysia, Indonesia, Thailand, Vietnam

R G BRONZE MFG. COMPANY PVT. LIMITED

R G BRONZE MFG. COMPANY PVT. LIMITED, was established in the year 1982 to serve the Indian OEM industries by manufacturing and supplying Sleeve Bearings, Graphite / Polymer Bushings, Thrust Washers and Bimetal Strips of excellent quality. RGB products have been accepted and regularly used by OEM of Automotive, Auto Ancillary, Tractor Industries, Two Wheeler, Earth Moving / Construction Equipment Manufacturers, Aircraft Industry, Defence Sector, FHP Motor Manufacturers, Refrigeration & Air-Conditioning CompressorsManufacturers and other Industries in INDIA and Overseas.

The Company is very proud of handling the requirements of several major Original Equipment Manufacturers Globally, catering to their exclusive requirements as an On-line “Quality Assured” Supplier and as Single Vendor. RGB’s quality improvement is a never- ending journey and has been our endeavour to serve customers by offering the best quality products and services. Streamlining the operations to global standards, RGB offers excellent quality products and services from “**State-of-Art**” facility, achieving “**COMPLETE CUSTOMERSATISFACTION**”.

Range of Products: **Sleeve Bearings, Bushings, Thrust Washers, Polymer Bushings, Thick wall Bushings and Bimetal Strips**

Countries of Export: **CANADA, CHINA, GERMANY, ITALY, IRAN, KOREA, POLAND, SINGAPORE, SWEEDEN, THAILAND, TAIWAN, U.A.E, U.K. and U.S.A.**

Quality Certification: **IATF: 16949 – 2016, ISO: 9001 – 2015**

Vigour Group

Surana (Son, focus on Sales and Accounts) and is the leading Sellers and Trading Company in Bangalore, Karnataka having a large Capacity to accumulate and Sell Disposal Goods, Unserviceable items, and Obsolete Products for all types of Stainless Steel Scrap, and alloys scrap.

SS Scrap Buyers, Suppliers, Dealers, Traders, Importer, Distributors since 40 years. We are offering all kinds of SS Scraps, ferrous and non-ferrous, Nickel based scraps Wholesalers, Manufacturers, Trading, Exporters in Bangalore, Karnataka India. We introduce our self as Scrap Buyers in Bangalore Karnataka.

We deal in all grades of SS scraps such as 304, 316, 310, 202, 201, all 400 series. We also deal in high % Nickle grades such as Inconel 625, 718, Monel, Hastelloy etc. We are a group of companies SURANA GROUP in leading cities like Ahmedabad, Delhi & Hyderabad. We have our own Melting Furnace in Ahmedabad, Gujarat.

We also deal in other metals such as aluminium, brass, copper, etc and we also have few EU companies which are Indian based with whom we collect scrap from such as Gardner Aerospace, Thyssenkruppa Aerospace, Recaero aerospace, etc. We are leading suppliers of Stainless steel and Nickel based scrap to numerous casting foundry units based in South India.

PARTNERS LOOKING FOR NEW OPPORTUNITIES:

The two budding entrepreneurs are seeking for better business opportunities mainly focusing on exports in the field of FOOD & AGRICULTURE, ORGANIC FOOD, RENEWABLE ENERGY, LIFE SCIENCE, LOGISTICS, WATER & ENERGY, LIFESTYLE & DESIGN, ETC. by either developing a joint venture between two companies or by finding different and better manufacturing and logistics or any better opportunities.

1. AYUSH KANHAIYALAL SURANA:

He is 30 years budding entrepreneur and had qualified in Bachelor of Business Management specialized in marketing and has a work experience of more than 8 years and had handled different stream of metal scrap from procuring to segregating to processing and melting of metal scrap, and is specialized in metal scrap processing and also wholesale dealers in stainless steel raw materials. The main clients are Jindal Steel Ltd., SAIL, Rimzim Stainless Steel, etc. and also lift scrap from Few EU Companies based in India such as Gardner aerospace, thyssenkruppa aerospace, recaero india pvt ltd and has a turnover of exceeding Rs. 8 Crore per annum.

2. AKARSHIT CHANDRA:

He is a 33 years young entrepreneur and had qualified in PGDM specialized in Finance and Marketing and has work experience of more than 10 years and is a Proprietor of Surya Construction Company, situated at Sultanpur and Lucknow in Uttar Pradesh, India which provide reliable solutions to their most complex construction challenges and are specialized in Telecommunications, Signaling, Electronic Interlocking, OFC, Panel Interlocking, Integrated Power System, Electronic Lifting Barrier Work, Data Centers, Civil Engineering Work which includes Foundation, Erection of 15mtr. to 100mtr. Mobile Towers and also Installation & Commissioning of Battery, Battery Power Plants for BTS and also Trenching & Laying of all types of Underground OFC, PIJF etc. cables. Further, we do complete Installation & Commissioning of complete OFC Equipment, and deal in Installation & Commissioning of Solar Panel System. The main clients are Central Organization for Railway Electrification, North Central Railway, North Western Railway, Northern Railway, West Central Railway, Western Railway, Central Railway, Bharat Sanchar Nigam Limited (BSNL), North Eastern Railway, IRCON International Limited, Central Electronic Ltd., ITI Limited, Railtel Corporation of India Ltd and has a turnover of excess to Rs. 10 Crore per annum.

Sprayking Agro Equipment Limited Company

Sprayking Agro Equipment Limited Company, a Public Share Holding Company which is the only and ever First Listed Company is SME Segment of Bombay Stock Exchange dealing with 100% Brass Metal as processing material.

Backed by 41 years experience track record of promoters, Sprayking Agro Equipment Limited carries out all the process from Scrap melting to Finished products within one Roof of Factory enables our Customer to meet their demand within short duration of time with Consistent Quality and Quantity.

CAPABILITIES

Factory Area	5500 Square meter Built up Area
Work Force	More than 100 Employees
Foundry	Induction Melting Capacity 1000Kg / Heat
Extrusion Plant	Press Capacity 700 Ton for Extruding Brass Solid & Hollow Rods, Profile & Sections
Forging Press	Friction Screw, Power, Horizontal, Continuous Forging Press of latest generation
Production Workshop	More than 150 machines includes VMC, CNC, Automatic Cam Lathes, Semi-automatic Lathes, Rotary Transfer, SPM, Threading, Slotting, Boring, Milling, Vertical Drilling, Trimming Machines
Tool Room	In house Tool room for manufacturing of Forging Dies, Production Tools & Fixtures
Polishing	Sand Blasting, Shot Blasting, Vibro Machines and Deburring Machines
Laboratory	Spectro Machine for Material Analysis, Hardness Tester, Surface Tester
Inspection Room & Testing Department	Vernier, Micrometer, Plug & Pin Gauge, Thread Gauge, Ring Gauge, Depth Gauge, Snap Gauge, Torque tester, Hydro Pressure Test machines enables us to supply product with Zero Defect
Packing Department	One Piece Packing, Automatic and Manual Sealing & Strapping Machines

Processing Material	DZR Brass, LEAD FREE Brass, Forging Brass, DCB Brass, Free Machining Brass & other Grades
---------------------	-------------------------------------------------------------------------------------------

Product Range	Pipe & Plumbing Fittings, Brass Compression Fittings, Brass Ball Valves, Brass Forged Components, Turning Components, Agricultural Sprayer parts & Garden Fittings, Sanitary Fittings, Brass Fasteners, LEAD FREE Brass Fittings, Flare & Inverted Flare Fittings, Water Meter Fittings, Lubrication Fittings, Gas Fittings, HVAC & Refrigeration Fittings, Pneumatic & Hydraulic Fittings, Air Brake DOT Fittings, Brass Extruded Rods & Copper alloy Ingots
---------------	---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Sprayking Agro Equipment Limited obtained **ISO 9001:2015** a quality certification confirmed by TUV NORD, a prestigious certification company & SABS Certified quality since 2014.

Currently our Annual Turnover is more than 300 Million INR in 2018-19 and targeting & working with full enthusiasm to cross 1000 Million INR in 2025.

Super Lily Clothing

OUR VISION: To make fashion inclusive & sustainable for all. Our aim is to become a globally recognized fashion supplier by offering the highest standard of service, top quality products and innovative styles at competitive prices.

OUR SERVICES

Expertise: Team of brilliant merchandisers, creative fashion designers & experienced quality controllers.

Buying Agents : We provide in-depth analysis, design development, testing, factory auditing, vendor accreditation and inspection services to our clients.

Sourcing Network: We specialize in sourcing different kinds of fabrics from suppliers across Asia. With their cooperation we are able to maintain fast TAT.

Technical: We offer a comprehensive range of technical and non-technical services from conception to production & export.

Quality: 4 levels of Inspection: a. Fabric Inspection b. Initial Inspection c. In-line Inspection d. Final Inspection

OUR PRODUCTS

We specialise in manufacturing casual and day wear garments for women which includes skirts, blouses, tunics, trousers etc.

Fabrics such as cotton, polyester, rayon, linen, denim and their compositions in satin, georgette, moss crepe etc. are used for designing our trend-setting garment range.

We use a wide range of colours, prints, laces and embroidery in developing garments.

Women's day wear Tops, blouses, tank tops, skirts, pants, cargos, jackets

Women's evening wear Dresses, skirts

Teenager girl wear Long skirts, dress, open-vest

Sportswear / Casual wear Cargo pants, cargo shorts, (heavy washed garments)

Outerwear Down jackets, Polyfill jackets

Sankh Overseas Pvt Ltd

Sankh Overseas was established in 2019 and since then has become one of the leading suppliers and manufacturers of eco-friendly jute and cotton canvas bags.

We make Jute shopping bags, Cotton/Canvas Bags; for promotional, gift, beach, travelling etc. We are Tote bags/promotional/shopping bags, gift bags, beach bags, fashion bags, lunch bags, cosmetic/pouch bags & purses, Toiletry bags/pouches, travel bags, winery bags etc. We make customize bags with buyer logo/artwork print.

With over 25 years of experience in exporting jute and cotton Bags and other made-up products like aprons and baskets, the company has achieved high success and credibility in the international market by providing quality product and services, updated new product designs, timely deliveries irrespective of the volumes with affordable yet competitive pricing.

As a manufacturing exporter, Sankh has inhouse capacity of 3.6 million Jute and canvas bags per year catering to USA, Europe, UK, Malaysia, Australia, Middle east.

CERTIFICATES:

Our commitment to high quality standards and environmentally friendly approach are endorsed by internationally recognised certificates.

ISO 9001:2015, ISO 45001:2018, ISO 14001:2015, Sedex

Products:

BASMATI AND BOILED RICE
FRESH VEGETABLES
FRESH FRUITS
CEREALS
SPICES
MILLING WHEAT AND RICE FLOURS
MILLETS

UMASONS AUTO COMPO PVT. LTD. INDIA

We have established Umasons Auto Compo Pvt. Ltd. in the year 2000 located in industrial areas near Aurangabad in Maharashtra.

Team of 90 technical and 50 commercial staff along with @100 operators. Net sales revenue of the company for FY22-23 @24 million Euro. Established two plants in industrial areas with covered area of 10000+ sq.m.

ISO 9001 : 2015, IATF 16949 : 2016, ISO 14001 : 2015 and ISO 45001 : 2018 certified company and adopted Total Productive Maintenance policy to strengthen reliability in quality and to enhance productivity.

We achieved many accolades at various competitions across India in Quality Circles. Recently, our customer Bajaj Auto awarded us with Super Platinum Award for consistent Quality supply.

We have developed competency in manufacturing of precision tubular fabricated components with various materials like carbon high strength steel & stainless steel, aluminum & titanium.

New Product Development : We have excellent facility to develop products and tooling with the help of various 3D modelling softwares like Solid Edge, Analysis tools and Tool Rooms associated with our company.

Aluminium Forgings & Heat Treatment : 750 tons of forging press along with 400T trimming and 250T coining press established linked with T4/T6 Heat Treatment furnace.

Machining : Vertical machining centres enhances our capability of delivering precise aluminium parts.

Fabrication : We have capacity of fabricating 12.00 million components per annum on various Robotic manufacturing lines. Multiple tube processing cell includes CNC turning, tube forming, tube end processing, five Axis CNC tube bending.

Fully robotic MIG welding for aluminium part enhances reliability and consistency in product output. We strive for continuous improvements in production processes by adopting ECRS techniques.

Surface Finishing : We have automatic PLC controller ED coating (KTL) plant, Ni-Cr electroplating plant, PLC controlled Powder coating plant, fully automatic Anodising plant for aluminium parts.

Our product range includes all precision fabricated tubular parts like Swing Arms, Trailing Arm, Handlebars, Side stands, Main Stands, Sari Guards, Leg Guards, Carriers, Grab Poles for Train Interiors etc.

Our esteemed customers are Bajaj Auto Ltd India, BMW Group Germany, Ducati motor holding Italy, Endress & Hauser Germany, Kinetic Green, Godrej Aerospace, Jukova Oy Finland, Maschio Gaspardo etc.

VMD Textiles

We are Manufacturer and Exporter of Home Textile products, Specially in Terry Products. Please find here I have enclosed our company catalogue along with our profile for your kind perusal.

OUR PRODUCT RANGE:

HOME TEXTILE PRODUCTS

- KITCHEN LINEN – APRON , GLOVE , POTHOLDER, KITCHEN TOWEL
- TABLE LINEN – TABLE CLOTH, TABLE RUNNER, PLACEMAT, NAPKIN, CHAIR PAD
- BED LINEN – BED COVER, DUVET COVER, MATTRESS PROTECTOR, CUSHION, THROWS
- BATH LINEN – BATH TOWEL, HAND TOWEL, FACE TOWEL, BATH MAT, HEAD TWISTER – TERRY TOWELS WITH SOFT FEEL AND GOOD ABSORBENT.
- KIDS PRODUCT- MUSLIN TOWEL, CHANGING MAT, BABY WRAP, SLEEPING BAG, BABY BLANKET
- TOTE BAGS.

QUALITY RANGE:

100 % COTTON, 100 % BAMBOO, 100 % LINEN, 80% COTTON/20% POLYESTER, FLEX, HEMP, COTTON/LINEN, LINEN/FLEX, LINEN/BAMBOO, LINEN/HEMP and based on the requirement.

Protec Trading Private Limited

M/s. Protec Trading Private Limited is established in year 2011 based in Thane. Maharashtra. India.

M/s. Protec Trading Private Limited is in to trading of specialty chemicals applicable exclusive for Refineries and Oil&Gas. We are mainly in to of benchmarking of fuels specially gasoline and diesel.

Our prime products are non-metallic octane booster, lubricity Improver and its latest technology to economically increase the octane of gasoline and help companies reduce production costs. Refineries may be using all or part of processes available within the configuration of the plant to produce gasoline having a specific octane number however additives and / or fuel components may have to be added to produce a gasoline having the required octane number to meet specification and that is commercially acceptable.

ProTec Technologies & Services offers to help your company produce gasoline at a lower cost by substituting all or part of the specialty chemicals (additives) and / or fuel components currently used.

SRI KRISHNA EXPORTS
